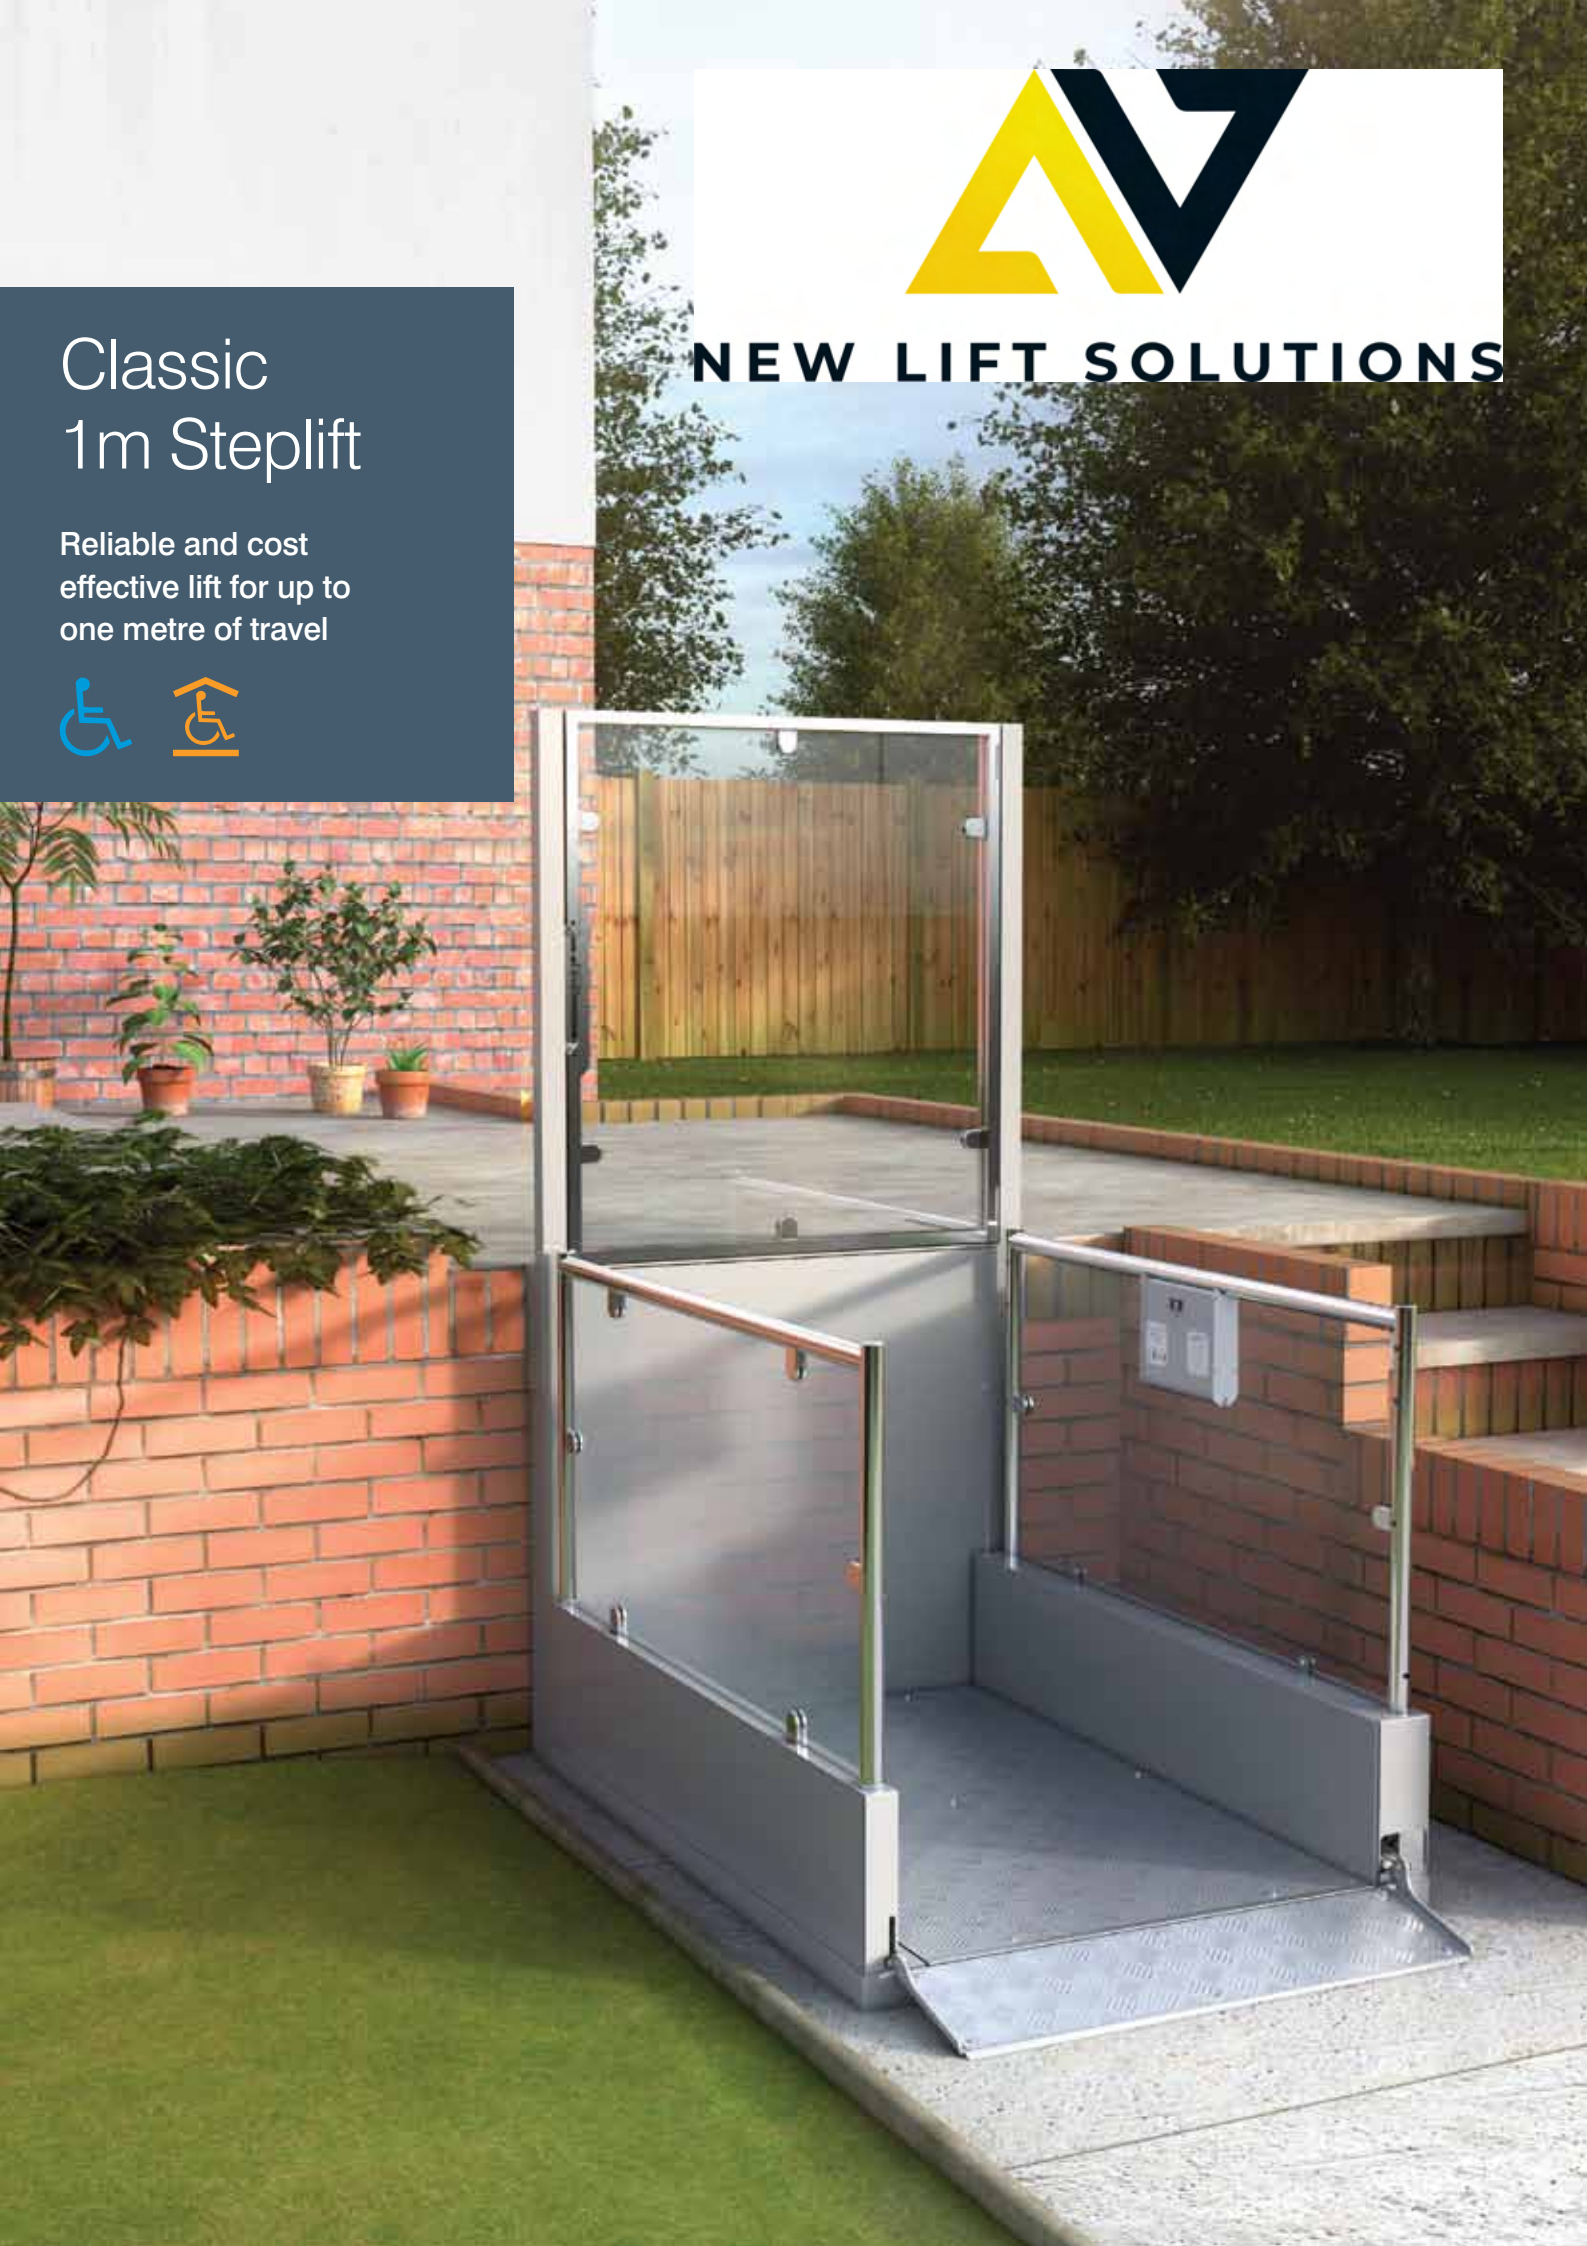
NEW LIFT SOLUTIONS

Classic 1m Steplift

Reliable and cost effective lift for up to one metre of travel



NEW LIFT SOLUTIONS

A functional and robust design for domestic and public access

- 280kg capacity *
- up to 1m travel
- access between 2 levels
- user plus attendant
- wheelchair or ambulant
- internal & external
- domestic & public access

The Classic 1m Steplift boasts a small footprint along with an increased load capacity - now capable of lifting 280kg to a maximum of 1m between two floors.

With increased clear access, the hydraulically driven, scissor based platform is suitable for both internal and external environments.

Functional yet stylish the Classic 1m Steplift moves quietly between levels to provide safe and reliable access in public buildings and for the home. Further key features include an on-board drive and mechanical on-board ramp.

As with all our lifts, the Classic has exceptional safety standards, exceeding requirements in many areas.

12 Months Warranty

Our Classic 1m Steplift comes with 12 months Parts and Labour as standard. We also offer Extended Warranties up to 5 years covering you for all service and maintenance costs.

* **features unique to our lifts**

raising expectations with the most advanced technology

Pit Mounted configuration

Designed to last

The Classic is designed to be robust and hard wearing and is therefore an ideal option for external public use. With the pump unit integrated within the lift it offers **reduced vandalism risk** and no need for a separate control unit location.

Taking only **one day to install** with **minimal builders work**, the lift can also be **relocated** offering great flexibility for the future.

Low maintenance requirements and **easy access to the pump** for servicing means your Classic 1m Steplift will provide reliable and efficient access for many years to come.

Why choose our lifts?

We have been specialising in lift access since 1983 and really understand our customers' needs and concerns.

When mobility access is required it raises many important questions and practical issues that our team are experts at solving. And our highly trained support team are here 24 hours a day to respond to your needs, wherever you are located.

As leaders in state-of-the-art lift technology, our versatile range of access solutions are designed to be elegant and fit easily into your environment, freeing up space and ensuring the ultimate in comfort and safety for its users.

" The service we received was second-to-none. We would highly recommend their range of access lifts and their experienced team to offer the best advice. "
